

ENTRY FOR SPIDER LEVEL

APPLICANT NAME: _____

DATE OF ENTRY: _____

APPLICANT CODE: (to be completed by judges) _____

Please have all nine skeins and project labeled with the type of fiber, which sample it is, and what it was spun on (dropspindle, supported spindle, wheel, etc.). Please leave one side of the tag blank so we can include some judging information. Please complete the following information below for the required skeins, including any comments you wish to make on each sample. If you have done a more formal writeup, please attach it to the back of this form.

1) One skein spun on dropspindle, any fiber, uniform thickness or ply

Type of fiber: _____

Weight of skein: _____ oz. Yardage: _____ Average WPI: _____

Comments: _____

2) One skein spun on spinning wheel, any fiber, uniform thickness or ply

Type of fiber: _____

Weight of skein: _____ oz. Yardage: _____ Average WPI: _____

Comments: _____

3) Worsted wool skein, spun thicker, any ply

Breed of wool: _____ Spun on: _____

Weight of skein: _____ oz. Yardage: _____ Average WPI: _____

Comments: _____

4) Worsted wool skein, spun thinner, any ply

Breed of wool: _____ Spun on: _____

Weight of skein: _____ oz. Yardage: _____ Average WPI: _____

Comments: _____

5) Woolen wool skein, spun thicker, any ply

Breed of wool: _____ Spun on: _____

Weight of skein: _____ oz. Yardage: _____ Average WPI: _____

Comments: _____

6) Woolen wool skein, spun thinner, any ply

Breed of wool: _____ Spun on: _____

Weight of skein: _____ oz. Yardage: _____ Average WPI: _____

Comments: _____

7) Other fiber skein, spun thicker, any ply

Type of fiber: _____ Spun on: _____

Weight of skein: _____ oz. Yardage: _____ Average WPI: _____

Comments: _____

8) Other fiber skein, spun thinner, any ply

Type of fiber: _____ Spun on: _____

Weight of skein: _____ oz. Yardage: _____ Average WPI: _____

Comments: _____

9) Skein of three ply yarn, any fiber

Type of fiber: _____ Spun on: _____

Weight of skein: _____ oz. Yardage: _____ Average WPI: _____

Comments: _____

10) Small finished project done in handspun yarn (at least 4x6 inches)

Type of fiber: _____ Spun on: _____

Weight of original skein: _____ oz. Yardage: _____ Average WPI: _____

Weight of finished project: _____ . Yardage used in project: _____

Description of project: _____

Comments/techniques used to create item: _____

I. Skein processed from raw wool: (can be one of the above nine skeins)

Breed of wool: _____ Purchased/obtained from: _____

Pre-wash weight of wool: _____ oz. Weight after washing/drying: _____ oz.

Method of processing fibers: carding / combing / flicking / other: _____ (circle one)

Yardage: _____ Average WPI: _____ Cleanser used on wool: _____

Describe the washing, preparing and spinning of this sample (use back of page if necessary):

What did you think of this process? Is there something you wish you had done differently? _____

II. Skein colored with natural dyes: (*can be one of the above nine skeins*)

Type of fiber: _____ Purchased/obtained from: _____

Natural dye used: _____ Purchased/obtained from: _____

Form of dye: (resin, fresh, wood, extract, etc.) _____

Preparation of the dyebath: _____

Mordant used: _____ When mordanted: _____

Type of dyepot: _____ Total cooking time of fiber in dye: _____

Describe the dyeing process: _____

What did you think of the color you got? Was it what you were expecting? Anything you wish you could have done differently? _____
